

Beckom Public School

"Learning as if we were to live forever"

Students enjoy dressing up for the Book Fair

Thank you to all those families who were able to support our Book Fair this week. Students enjoyed dressing up in character and looking through the beautiful texts that were on offer. The school will also be purchasing some of the texts to add to our Library and reading resources.

Mrs Speirs travelling to Canberra for training on Monday

I will be in Queanbeyan on Monday as part of the AITSL Assessor Training Program (ATP). This is the face to face component of the training and it will provide me with a deep understanding of the Australian Professional Standards for teachers with a focus on highly accomplished and lead levels.

Primary Excursion to Borambola Sport and Recreation Camp

Next week our Year 3-6 students will travel to Borambola Sport and Recreation Camp for their annual RIEN Small Schools excursion. A detailed list of what to bring and what not to bring has been sent home to families involved in the excursion. A bus has been hired from MIA Coaches to transport student to and from Borambola next week. Students will be picked up at the school on Wednesday morning and delivered back to Beckom on Friday afternoon.

Students create dioramas part of History lessons

Students have started researching a variety of historical events that have shaped our society. Each student is creating a diorama to teach other students about their researched event. We have been utilising the 3D printer to design and create models of objects to be included. This unit of work is also linked to our maths area tasks and English writing tasks.

STUDENT OF THE WEEK

Josh Hawkins

For persistence in challenging mathematical problem solving tasks

BOOK FAIR AND BOOK PARADE

Positive Behaviour

Lesson focus

This week, students are learning about what it means to be polite as part of our positive behaviour for learning lessons. Please talk to your children about what politeness means and how it is shown at home, school and in the wider community.

Ryan showing off the telephone he made on the 3D printer for his History diorama project.

TRIVIA CORNER

Chloe Andrews was the winner of the children's trivia from last week and Josh Hawkins, Megan Waters and Matilda Osborne also answered correctly. The Bathurst 1000 motor race is held on Mount Panorama. Unfortunately there were no correct answers for the adult trivia. Yogi Bear's girlfriend was Cindy.

Good luck with this week's questions:

Adult question:

Which European capital was once two separate towns on either side of the Danube?

Children's question:

On a dart board which number would you find between 1 and 5?

jokes

Are monsters good at math?

COMMUNITY NEWS

Swim Club

Last week we held the Swim Club AGM.

Outcome of the Meeting

All positions declared vacant

- President
- Secretary
- Treasurer
- Registrar
- Publicity Officer

If we do not fill all these position the Swim Club will fold, which will be very disappointing, as it has been running for so many years.

The pool will open early in November and Donna has agreed to coach the children again.

If you would like your child/children to enrol in Swim Club, please contact me ASAP, as we need to notify Swimming Australia by the end of next week.
