Students back in the classroom

This week we received confirmation that students across New South Wales will be back in the classroom full-time from Monday 25th May. This will mean an end to learning from home and the ceasing of our learning packs. A very big shout out goes to our parents and community. We thank you for your patience and support over this time and appreciate your communication with the school. We look forward to having all the students back in the classroom on a daily basis. As students return to full-time face-to-face learning, the department will continue to work closely with NSW Health to ensure we have access to the latest advice. School students do not need to follow strict adult physical distancing guidelines but should follow good hygiene practices like:

- regularly washing hands
- avoiding sharing drinks or food
- coughing or sneezing into their elbow, or a tissue which should be discarded immediately
- maintaining physical distancing from teachers and school staff.

Attendance

If your child is unwell, please do not send them to school. If they are unwell at school, you or your nominated emergency contact will need to collect them immediately. Please ensure your child's contact details are up to date.

The current attendance policy states that if a student is absent without a medical reason for more than three days, this will be recorded as an unauthorised absence and will be followed up by the school. If you have any concerns or questions, please contact the school. Alternatively, the department has the following advice for families website:-

TRIVIA CORNER

Josh Hawkins was the winner of the children's trivia from last week and the runners-up were Matilda Osborne, Chloe Andrews and Megan Waters. According to the children's song, the old lady swallowed a bird to catch the spider. The adult trivia was won by Barbara Weise. The Cathedral of Vasily the Blessed, located in Red Square Moscow is more commonly known as St Basil's. Good luck with this week's questions:-

Adult question:

The Jurassic period directly followed on from which other geological period?

Children's question:

What is the name given to the skull and crossbones flag that flies on a pirate ship?
