National Reconciliation Week - 27th May to 3rd June

This week we celebrate National Reconciliation Week and students are learning about what reconciliation means and about shared histories and cultures.

This year's theme for National Reconciliation Week is *'In this together'*. When Reconciliation Australia announced this theme at the beginning of 2020 they would not have imagined how strongly the theme would resonate in the community beyond reconciliation. It is important to learn about our shared histories, cultures, achievements and ways to explore how each of us can contribute to achieving reconciliation. National Reconciliation Week runs for a week each year from 27th May to 3rd June.

Home Learning Activities

Home learning (homework) will commence again next week. Students have been given a variety of mathematical games to play that will enhance their mental computation skills. In addition to playing a mathematical game, students are also encouraged to read every night and complete spelling activities. Students also have access to their online learning programs such as *Reading Eggs* and *Mathletics* if they are eager to complete more learning. Home learning will be sent home with students each Monday.

TRIVIA CORNER

Matilda Osborne was the winner of the children's trivia from last week. The name given to the skull and cross bones flag that flies on a pirate ship is the Jolly Roger. There were no correct answers for the adult trivia. The Jurassic period directly followed on from the Triassic period. Good luck with this week's questions:-

Adult question:

The nation of Bhutan lies between which two larger countries?

Children's question:

How many players may take to the court at any one time in a basketball team?
