Seize the Day

Students participate in Safer Internet Day

Safer Internet Day takes place in approximately 170 countries worldwide. This year's theme is "Together for a better internet". The Department of Education and eSafety Commissioner developed a webinar which our students participated in on Tuesday. The webinar addressed current challenges and tested students' ability to detect fake news. Students identified trustworthy information about current issues, sponsored endorsements and recognised the harm caused by misinformation online.

An overview of learning this term

Creative Arts: Visual Arts and Sculpture

Geography: Geographical features. How is Australia similar and different to other places and how do we connect with them?

Mathematics: Revision, whole number, length, addition and subtraction, patterns and algebra, mass, 3D space and chance.

Science and Technology: Digital technology, STEM kit/Earth and Space and our environment.

Personal Development, Health and Physical Education: Healthy relationships/enhancing physical skills. How can I improve my balance and stability when moving?

An information sheet was sent home to parents last week regarding the PDHPE syllabus implementation. Child protection is now integrated across the school year and is no longer delivered as a separate unit of work. If you have any questions please do not hesitate to call and discuss.

Students watching a webinar as
part of Safer Internet Day.

We recently had a visit from a
former Beckom teacher,
Mr John Morris.
Mr Morris did some teacher
relief work here in November
1971 when Mr Des Handsaker
was Principal at the school.

HAPPY BIRTHDAY

Josh Hawkins will celebrate his 10th birthday on Monday 15th February. We hope you have a fantastic day Josh!

Visitors to school sites

Non-essential adults are not permitted on the school grounds or at school events.

Parents and carers are not allowed on school sites or at an offsite school event held during school hours except for the purposes that follow with a COVID-19 Safety Plan in place:

Schools can plan for the following to recommence:

- School or community run playgroups can proceed.
- P & C meetings can proceed on school sites after school hours with a COVID-19 Safety Plan in place.

Parents and carers can:

- Enter the school to purchase or pick-up uniforms from the uniform shop.
- Drop off students for department Preschool, Kindergarten, Years 1, 2 and 7.
- Meet with school staff with an appointment.
- Attend parent orientation meetings for department Preschool, Kindergarten or Year 7 and 'meet the teacher' meetings with school staff for all year/stage groups. Meetings should be limited to 1 hour where possible and a COVID-19 Safety Plan must be in place.
- Community outdoor social events and functions can proceed after school hours with restrictions.

J of the JOKE WEEK

What is the difference between a horse and the weather?

One is reined up and the other rains down!

TRIVIA CORNER

Megan Waters was the winner of our children's trivia from last week. Nutella is made with hazelnuts. The adult trivia was won by Josh Hawkins and correct answers also came from Jack Fisher and Jim Bundy. The first living creature sent into space was a dog.

Good luck with this week's questions.

Adult question:

What metal is the Statue of Liberty's visible surface made from?

Children's question:

How many spaces are there on a chess board?
